Wahpeton, North Dakota
Department of Nursing
Practical Nursing Program

STUDENT EVALUATION – CLINICAL INSTRUCTOR

Clinical Course Term: **NURS 233 Spring 2019 (18 Evaluations) Fargo NDSCS 7**

Clinical Instructor Name: **Crystal Graening**

A goal of our nursing department is to continually improve learning experiences. Please provide feedback in a constructive manner to facilitate this process. If you have a specific area of concern, please add comments to this form as necessary. A final compilation of the result will be provided to the instructor for review.

CIRCLE THE APPROPRIATE NUMBER FOR EACH ITEM

1 - Below Average; 2 - Average; 3 - Above Average; 4 - Excellent

1.	KNOWLEDGE OF SUBJECT: Do you think the instructor has a thorough knowledge and understanding of the subject?	1	2-	3-3	4-15	N/A
2.	CLARITY OF EXPLANATION: Are explanations clear?.....	1	2-	3-3	4-15	N/A
3.	FAIRNESS: Are you treated in a fair and impartial manner?	1	2-	3-4	4-14	N/A
4.	ATTITUDE TOWARD STUDENTS: Does the instructor show a genuine interest in your learning needs?.....	1	2	3-4	4-14	N/A
5.	ABILITY TO STIMULATE INTEREST: Does the instructor make the subject interesting?.....	1	2-	3-4	4-14	N/A
6.	ATTITUDE TOWARD SUBJECT: Does the instructor show interest and enthusiasm for the subject?	1	2-	3-4	4-14	N/A
7.	ATTITUDE TOWARD STUDENT PARTICIPATION: Does the instructor allow the opportunity for you to feel free to raise questions and express opinions?	1	2-1	3-2	4-15	N/A
8.	ATTITUDE TOWARD STUDENT OPINIONS: Are your ideas and opinions treated with respect?	1	2-	3-3	4-15	N/A-
9.	Are your needs recognized and addressed in at timely and meaningful manner ?.....	1	2-2	3-1	4-15	N/A
10.	Do you feel supported by your instructor in your interactions with the clinical facility staff?.....	1	2-2	3-2	4-13	N/A-1
11.	Are assignments graded and returned in a timely manner?.....	1-1	2-3	3-1	4-13	N/A
12.	Does your instructor provide you with sufficient feedback on assignments to facilitate your improvement?	1	2	3-4	4-14	N/A
13.	POST CONFERENCE: Does your instructor facilitate an environment conducive to learning?	1	2-	3-3	4-15	N/A

Please complete reverse side.....

A. My level of achievement in this clinical has: (Choose only one – either a, b or c)

- a. exceeded my expectations (go to 1a) 12
- b. met my expectations (go to 1b) 5
- c. did not meet my expectations (go to 1c) 1

1a. I believe the reason my achievement exceeded my expectations is:

- Med Surg was my favorite clinical! I really enjoyed the diverse patients and the experiences we had there. Crystal did an excellent job getting us in on experiences.
- I was able to learn so much on the Med/Surg unit. The experience has made me confident with my role as a nurse at the end of the year.
- Followed instructions and corrections were made from the instructors.
- Crystal really made sure we were kept busy with our patients and always helped us learn.
- My instructor is really kind hearted to everyone. I appreciated time with all my heart.
- I would say exceeded my expectations because I was very nervous for clinical at Essentia and I feel by the end I gained knowledge.
- I was able to learn in each clinical experience (something new).
- It helped me learn more and care for patients with certain diagnoses.
- I trusted that my instructor would be there to guide me through new tasks (like an IV)) and knew she was there to guide us, along with challenge us.
- I loved this rotation and there were so many opportunities for learning! I was always busy and Crystal was always able to help on the floor!
- Crystal is so knowledgeable and willing to answer any questions. She made me feel very comfortable during skill.
- Crystal took an active interest in our assignments to help us further understand the information.

1b. I believe the reason my achievement met my expectations is:

- I learned so much and expected that from med surg.
- Personal effort put in and guidance.
- I learned a lot of information and got to experience a lot during this clinical rotation.
- I feel more confident in the clinical field and Crystal was a great instructor for a fast paced environment. Med Surg was a great learning experience that provided a lot of diversity.

1c. I believe the reason my achievement did not meet my expectations is:

- The instructor does not return assignments in timely manner and does not explain what is expected in the paper before its submitted. Remove unnecessary points.

B. List 2-3 practical ways that would enhance your learning in this course?

- Hand on experiences. Surgery/Procedures.
- Time management. Follow instructions.
- Keep us busy as possible seeing new things.
- Everything exceeded my standards.
- Continue asking questions. Not be afraid to try new skills.
- I think you did a great job including us, I guess keep on doing what you are doing and try to have students do as much as possible to learn everything they can!
- Better care from the nurse to patient. Learned what is needed from a nurse when calling the physician.
- More than one patient would be fun for more learning. Having the instructor have access to use the med machine on shift.
- More hands on learning skills. Be able to see a surgery.
- Concept map examples. Detailed discussion re: arrows on concept maps.
- Asking other instructors for help. Draft for other instructor to look over before submission.
- Grade faster. Feedback earlier for upcoming assignments.
